A MESSAGE FROM OUR CEO

Dear Board Members and Esteemed Donors,

Our ministry remains steadfast in its mission to serve those in need, and we continue to expand our reach to provide essential services to as many people as possible. It is with great pleasure that we share our accomplishments over the past year. With your support, we provided 14 million pounds of food to over 53,000 people and engaged 532 individuals in discussions on Freedom of Religion.

I am also pleased to report our ongoing efforts in the challenging political environments of Cuba, Nicaragua, and Venezuela. Despite limited resources, we have made significant progress in promoting human rights and advancing democracy in these countries. During the year we conducted webinars, attended meetings at the United Nations and the Organization of American States, and submitted for publication Op-Eds and articles on violations of religious freedom and belief.

We provided important training and support to people working to improve their families' and communities' lives. By partnering with local ministries and churches, we helped communities prepare for and recover from disasters, learn new skills, get Bibles, advocate for their freedoms, protect their children, and start businesses. We provide the tools and resources, and they bring the motivation to improve their lives.

Our achievements in 2023 wouldn't have been possible without your constant support. Your belief in our mission and trust in our ability to make a difference have been key to our success.

We are very grateful for your partnership and dedication to making a positive impact. Together, we can make a difference.

Grace, peace, and love be yours in abundance,

Teo

WHERE WE WORK

We have detected many areas of need in the regions of central America and the Caribbean, and we have strategically implemented programs that work towards these specific, relief, development, and advocacy. Each project is aimed at not only benefitting communities on a short-term, but to create a lasting and sustainable impact in them.

Our purpose is to provide aid, alleviate the suffering, and improve the dignity and quality of life of individuals, families, and communities in a way that supports positive change towards sustainable development and respect for fundamental freedoms. We also promote citizen participation through supporting the development of community programs

OUR HUMANITARIAN AND DISASTER RELIEF WORK

OAA provides meals, clothing, medicines, hygienic materials, and disaster relief resources to impoverished and at-risk areas in Latin America and the Caribbean. With the help of our local partners, we are able to enhance our impact in distributing humanitarian assistance that supports long-term development and strengthens preparedness and coping mechanisms.

EMPOWERING VULNERABLE COMMUNITIES, WOMEN AND AT-RISK YOUTH

Through the development of local self-employment initiatives, OAA focuses on assisting disadvantaged people to build livelihoods by creating independent enterprises. As a result, rising entrepreneurs and small business owners are able to free themselves from the cycle of poverty. Our projects also combine business principles with principles of Christian leadership and values.

OUR RELIGIOUS FREEDOM AND HUMAN RIGHTS WORK

Advocacy is at the heart of our organization. OAA brings awareness, promotes and equips partners on human rights and freedoms issues in the Americas, with emphasis on Cuba and Nicaragua.

We are dedicated to promoting freedoms, including religious freedom and the ending of violations in Central America and the Caribbean. We provide resources, education and training to bring awareness, capacity building, and empowerment. We collaborate with civil society grassroots organizations, activists, victims, religious leaders, government, and with other like-minded stakeholders to inspire the public to “look beneath the surface” and help find a solution to end discrimination and violations.
